

Demmitt Community Centre
Housekeeping Notes for Guests

Welcome to the Demmitt Community Centre. Please be aware of these House Rules.

- We are a licensed establishment with AGLC, as such NO outside liquor is allowed in the hall at any time (including for rehearsal dinners, set up etc). Liquor purchased from the bar in the hall is not allowed anywhere outside of the hall, with the exception of the back deck.
- Please help us to remain good neighbours. The land outside of the fence is private property, no guests or pets are allowed in the field on the other side of the fence. Feel free to take walks on the road.
- Please use pet waste bags to clean up after your pets in the camping area or around the building. Please note NO pets are allowed in the building (the only exception being service dogs).
- The building outlets are not to be used for RV hookups.
- Smoking is only permitted in the parking lot or by your RVs. Please use the provided receptacle for cigarette butts.
- All campers must clean up after themselves, removing trash.

Failure to follow these rules could result in the forfeiting of the damage deposit of your hosts, or potentially the closing of the bar depending on the severity of the action.
